insights

Key Features

- The UAE is considering a new visa system aimed at simplifying travel for residents within the GCC.
- The proposed visa system would allow residents of GCC member countries to move freely among nations within the gulf, including Saudi Arabia.
- The proposal holds the potential to significantly bolster tourism within the region.
- However, non-GCC residents must still meet visa requirements when entering the UAE.
- We welcome the changes within the UAE moving forward and hope for a collaborative future ahead.

The report for visa-free travel among residents of UAE holds the potential to significantly bolster tourism within the region. The report for visa-free travel among residents of the **GCC** holds the potential to significantly bolster tourism within the region. In addition to this the prospective Etihad Rail could also create greater work life mobility within the GCC
